

Impoundment Access

The Following Impoundments Are Open To Recreation Seven Days A Week, Twenty-Four Hours A Day.

Babb Pond, Bloodland Lake, Bloodland Pond, Breeden Spring Pond, Decker Ridge Pond, Gravel Pit Pond, Indiana Avenue Pond, Knight's Pond, Littlewood Pond McCann Pond, Penn's Pond, Range 25 Pond, Route 20 Pond, and TA 228 Pond.

Any person fishing at these impoundments must remain within 150 feet of the shoreline, or designated access trails, roads or parking areas associated with the impoundment. Any person recreating (excluding hunting and trapping) at these impoundments must leave the area immediately upon the request of Range Control or the Game Wardens. *(See page 2, paragraph 5.b and d. of Hunting and Fishing Regulations, FLW Reg 210-21)*

The Following Impoundments' Access Is Controlled By Hunting Area Status.

Cook Pond, Macedonia Pond, Range 18 Pond, Range 27A Pond, and all other impoundments not listed as open 7/24.

Any person wishing to use these ponds must check the daily Open Hunting Area Announcement by calling 596-4224. If the Hunting Area is open, a person must physically check in at Range Control (building 5282) and be issued a Hunting Area Access Pass. Registration must be completed on the same day access is desired. *(See page 2, paragraph 4. a thru g. of Hunting and Fishing Regulations, FLW Reg 210-21)*

TA 250 Lake's Access Is Controlled By The Training Area's Cadre On A Daily Basis.

This lake was specifically built to train soldiers in military bridging techniques. Information on whether the lake is open or closed to fishing is posted by the training cadre at the site on a daily basis. Often this lake is closed to fishing during the day, but open to anglers in the evening and on weekends. *(See page 3, paragraph 5.f of Hunting and Fishing Regulations, FLW Reg 210-21)*

For additional information call the Natural Resource Branch office at 596-2814 or the Game Warden office at 596-0956.
